

All NSW Competing Fencers

NSWFA advises that the following selections have been made for the team events at these championships. Please note that in some instances fencers are named directly to teams and that in other cases, due to the closeness of previous results, the final selections will be made on the day, based on performances at these events in addition to previous results.

Note: If you are nominated for a team and are selected you will need to be aware that the team events for Men's and Women's Sabre & Women's Epee directly follow the individual events and all other teams are fenced the following day.
