

NSWFA Medals Policy - 2017

In all NSWFA individual and team events, a full set of medals will be awarded regardless of the number of competitors or teams in the event.

A full set of medals comprises a gold medal for first place, silver for second and two bronze medals for equal third place.

In events where the poules are of mixed gender:

- When the Direct Elimination rounds are separated by gender, which will be normal procedure, medals will be awarded to each gender in accordance with this Policy.
- When the DE rounds are fenced as a mixed event by preference of fencers, medals will be awarded in accordance with the overall placings in the event regardless of gender.
- If there is only one fencer of the minority gender in an event, he or she can choose to take the gold medal or fence in a mixed DE.

With regard to mixed events, this Policy is consistent with the NSWFA Rankings Policy which should be consulted if necessary.

Amended and approved by the NSWFA Board – February 2017
